Blue Collar With Degrees

Hey! I'm happy living in this RICH
sonofabitch of a country where

we talk and talk and it doesn't mean SHIT.
Not like these philosophical heat sumps
where you're always hungry and bugs

saw away at the guts
you got left as the BRAHMINS

JERK OFF on you,intoning
how raw THEY had it in a
former life. So I say FUCK ALL

befores and hereafters with
their slimy representatives. But grab

SOMEthing, cuz here the greedy PRICKS
don't NEED reasons!
